

## Learn to Crochet a Scarf and Hat

In this two-part class you will learn the basics of crochet; how to hold your yarn, the chain, single crochet and double crochet. You will cast on and start the “Charity Granny Scarf” by Anastacia Zittel with slight modifications.

You will need:

Size H crochet hook (5.00 mm)

1 skein Cascade 220 yarn – 100% Peruvian wool

At our next meetup, you will refine your knowledge of the stitches, reading patterns, learn increases, and to crochet in the round to create a coordinating hat, ‘Granny Stripe Beanie’ by Danielle Day-Hines with slight modifications.

You will need:

Size H crochet hook (5.00 mm) – same as for scarf

1 skein Cascade 220 yarn – 100% Peruvian wool

Note: Your hat will be a single color. You may choose multi-colored yarn, but we will not be striping the hat.

Notes about the supplies:

- You will use the same hook for both the scarf and the hat. If you do not have time to finish the scarf before we start the hat, don't worry, we can work around that. Just bring what you have finished along with the yarn for the hat.
- Yarn; the yarn listed is very popular and generally easy to find. If the store, you are shopping at, does not carry this yarn, ANY worsted weight yarn will work. Just pick something that you like the feel and color of. Yarn store employees are generally very capable at helping individuals find substitute yarns. You may also wish to use a different type of yarn if you are allergic or sensitive to wool. Natural animal fibers (wool, alpaca, cashmere, llama, etc) are the best and easiest to work with for beginning knitters, but there are many acrylic yarns that are extremely nice as well.
